Introduction

The Department of Municipal Affairs and Housing compiles municipal indicators on behalf of the Nova Scotia Government and Association of Municipal Administrators of Nova Scotia (AMANS) that focus on three areas:

- financial matters;
- · administration of the municipality; and
- · characteristics of the community.

This report creates a snapshot from those financial and demographic statistics to help community members and decision makers better understand:

- · the municipality in which they live;
- · the municipality's key characteristics; and
- the municipality's financial risks.

The snapshot makes it easy to:

- compare the Three-Year Change in Tax Base indicator to understand the municipality's revenue growth in comparison to cost of living; and
- use the change in population to indicate whether a community's population is growing or declining and its potential impact on municipal revenues and expenses.

Chapter 1 - Highlights

Municipal Highlights

About the Municipality

Name: Town of Bridgewater

County: Lunenburg County

Approximate size: 14 km²

Number of dwellings: 4,524

Figure 1- Location of Municipality

Population Highlights

Population 2016: 8,535

Population 5-year trend: +3.6%

County 5-year trend: -0.4%

Demographic trend: Aging

Up to 19 Yrs. 18%

20 to 59 Yrs. 48%

Over 60 Yrs. 34%

Financial Highlights

Revenue

Total consolidated revenue: \$20.1 million

Revenue generated from own revenue¹: 89%

Total operating revenue: \$17.5 million

Largest operating revenue: 84%

Property taxes and payments in lieu of Taxes

Expenses

Total consolidated expenses: \$18.6 million

Total operating fund expenses: \$14.6 million

Largest operating fund expense: 40%

Protective services: police and fire

Annual Surplus

Annual consolidated surplus(deficit): \$1.4 million

Consolidated accumulated surplus (deficit): \$92.7 million

Annual operating surplus (deficit): \$447 thousand

Debt

Total consolidated long-term debt: \$6.5 million

Total general fund long-term debt: \$4.5 million

Operating fund bank indebtedness: 0.0

¹ Consolidated revenue excluding government transfers

Financial Condition Indicators Highlights

Overall Assessment Red (High risk)

The overall Financial Conditions Index assessment for the Town of Bridgewater is red (High risk). This means that, although the Municipality has a few challenges, it is considered high risk for fiscal instability.

As shown in the House model below, Bridgewater's FCIs are comprised of:

Low risk (green): 7 indicators

Moderate risk (yellow): 6 indicators

High risk (red): 0 indicators

Details on the individual FCI assessments and the Municipality's specific challenges are provided below. For more in-depth information, refer to Chapter 4.

Two-Year Comparison of Financial Condition Indicators

BASE	2019	2018	+/_	
3-year Change in Tax Base	4.6%	6.8%	-2.2%	
Reliance on a Single Business or Institution	4.9%	5.1%	-0.1%

Chapter 2 - Municipal Profile

Municipalities are diverse and operate within unique demographic and economic characteristics. These characteristics have a significant impact on municipal performance and subsequent strategies required to ensure a sustainable environment. This chapter outlines the unique demographic and economic characteristics of the Municipality, specifically its composition, population trends, demographics, median household income levels, employment rates, and educational attainment. The municipal profile trends could have impacts on the current and potential future tax base for a municipality.

Municipal Composition

Name: Town of Bridgewater

County: Lunenburg County

Government: 7 elected councillors (including the Mayor)

Geographic area: 14 km²

Number of dwellings: 4,524

Population Trends

Population: 8,535

Provincial population: 0.9%

20-year trend: Growing [supported by Figure 3 below)

Age trend: Majority between 40-69 years of age [supported by Figure 4 below)

Bridgewater

Age 0-9 10-19 20-29 30-39 40-49 50-59 60-69 70-79 80+

■ Bridgewater

14%

Figure 3-- Population from 1996-2016. Source: Statistics Canada

Figure 4- Population by Age, Source: Statistics Canada

Figure 6 - Comparison of Population by Age for 2011 and 2016. Source: Statistics Canada

According to the 2016 Census, similar to most towns in Nova Scotia, the majority of Bridgewater's citizens are between the ages of 40 and 69.

Figure 5- Population Age Change from 2011 to 2016. Source: Statistics Canada

Economic Indicators

Along with population trends, employment rates and median household income are important economic indicators. Education levels can also play a crucial role in economic and social progress and can help improve income distribution. These factors provide an indication of the wellbeing of the economy and labour force.

	2016 Census	2011 Census	+/-	2016 Town Avg.
Median Household Income	\$46,836	\$40,049	\$6,787	\$48,934
Employment Rate	50.0%	49.7%	0.3%	48.3%
Education Beyond High School	51.3%	49.3%	2.0%	52.0%

Source: 2011 and 2016 Statistics Canada Census

Median household income: Bridgewater's median household income is lower than the

provincial town average, although it has increased since

2011.

Employment rate: In a healthy economy, the employment rate is between 97%

and 95%. The Town of Bridgewater's employment rate is above the provincial town average and it has increased.

Education level: Bridgewater's education level is lower than the provincial town average,

although it has increased since 2011.

Chapter 3 - Financial Information

General Overview:

Audited financial statements are presented on a consolidated basis. These consolidated financial statements present all municipal entities as one single reporting entity:

- · all the individual funds managed by the Municipality
- organizations or enterprises that the Municipality owns or controls, such as:
 - Water Utility
 - Lunenburg County Multi-Purpose Centre Corporation (50%)

The Municipality's non-consolidated financial statements present only the individual funds managed by the Municipality, such as the General Operating Fund, General Capital Fund, Water Operating Fund, Water Capital Fund, Non-operating Reserve Fund, and the Operating Reserve Fund. Non-consolidated financial statements are reconciled but not audited.²

Financial Reporting Compliance:

Audited financial statements and financial information return submitted: yes

Submission of financial information:

Before deadline³

Financial statements include:

Remuneration and Expenses for Elected Officials and CAO/Clerk Note: yes

Unqualified Opinion: yes

Quarterly Expenditure report posted online: yes

Summary Expenditure Report submitted: yes

Statement of Estimates and assessment information submitted: yes

² Please be advised that, although the Department reconciles, at a high level, a municipality's non-consolidated financial statements to the consolidated financial statements, the non-consolidated financial statements are usually not audited nor presented in full accordance with Canadian public sector accounting standards.

³ Annually, municipalities are required to submit their financial information by Sept 30th.

Revenue:

\$20.1 M

2019 Consolidated Revenue

Total consolidated revenue: \$20.1 million

Largest revenue: 77%

Taxes and Grants-in-lieu of Taxes

Revenue generated from own revenue⁴: 89%

Figure 7- Consolidated Revenue Source: 2019 Financial Information Return (FIR)

The graph above and table below show the Municipality's revenue divided into five categories on a consolidated basis.

	Consolidated Revenue
Taxes and Grants in lieu of taxes	15.5 million
Services provided to other governments	n/a
Sales of service	0.9 million
Other Revenue from own sources	0.7 million
Government Transfers	2.1 million
Net income from government business enterprises	0.9 million
Water fund revenues	n/a
Electric fund revenues	n/a

⁴ Consolidated revenue excluding government transfers

\$17.5 M

2019 General Operating Revenue

Total operating revenue: \$17.5 million

Largest revenue: 84%

Property taxes and payments in lieu of taxes

Uncollected Taxes: 7.6%

Reliance on Government transfers 6.2%

Figure 8 – General Operating Revenue Source: 2019 Financial Information Return (FIR)

The graph above and table below show the Municipality's operating fund revenue divided into six categories.

Net Property Taxes and payments in lieu of taxes	14.7 million
Grants in lieu of taxes	0.8 million
Services provided to other governments	n/a
Sales of service	0.4 million
Other revenue from own sources	0.5 million
Unconditional transfers from other governments	0.6 million
Conditional transfers from other governments	0.5 million

Property Assessment Information

Since property taxes are a primary source of revenue for most municipalities, special emphasis has been placed on reviewing assessment trends.

Three-year change in uniform assessment⁵: 4.6%

Growth does not keep pace with the cost

of living

Highest reliance on a single business or institution: 4.9% not dependent (low risk)

Residential Tax Effort: 4.6% limited flexibility

(moderate risk)

The line graphs below show the five-year trend of residential and commercial portion of the municipality's uniform assessment.

Figure 9-Residential assessment value over the last five years. Source: 2015-2019 Statement of Estimates Assessment

Figure 10- Commercial assessment value over the last five years. Source: 2015-2019 Statement of Estimates Assessment

-

⁵ Uniform assessment is the value of a municipality's taxable property assessment plus the capitalized value of payments in lieu of taxes.

Expenses:

\$18.6 M

2019 Consolidated Expenses

Total consolidated expenses: \$18.6 million

Largest expense: 33%

Protective services: police and fire

Figure 11- Consolidated Expenses Source: 2019 Financial Information Return

The graph above and table below show the Municipality's consolidated expenses divided into seven functions.

	Consolidated Expenses
General Government services	2.1 million
Protective Services	6.1 million
Transportation services	3.8 million
Environmental Health Services	2.7 million
Public Health Services	0.2 million
Environmental development Services	0.5 million
Recreation and Cultural services	3.1 million
Extraordinary or special items	n/a
Water expenses	n/a
Electric fund expenses	n/a

\$14.6 M2019 General Expenses

Total operating fund expenses: \$14.6 million

Largest operating fund expense: 40%

Protective services: police and fire

Operating reserves as percentage of expenses: 23.9% (low risk)

Figure 12- Operating General Fund Expenses. Source: 2019 Financial Information Return

As shown in the pie chart above, expenses for Bridgewater are comprised of:

General Government services	1.8 million
Protective Services	5.9 million
Transportation services	2.2 million
Environmental Health Services	2.1 million
Public Health Services	0.1 million
Environmental development Services	0.5 million
Recreation and Cultural services	2.0 million
Extraordinary or special items	n/a

The graph below shows the expenses by function for the municipal operations or General Operating Fund expenses compared to the provincial town average.

Figure 13 - Comparison of General Fund Expenses to Provincial Town Average. Source: 2019 Financial Information Return

Accumulated Surplus (Deficit)

Annual Surplus: Revenue - expenses

Note: This amount is added to the accumulated surplus (deficit).

Total annual consolidated surplus(deficit): \$1.4 million

Total consolidated accumulated surplus (deficit): \$92.7 million

Total annual operating surplus (deficit): \$447 thousand

Number of operating deficits in the last 5 years: 1

Deficit of \$69,241 in 2014-15

Figure 14- Consolidated Accumulated Surplus by Fund. Source: 2019 Financial Information Return

Debt

Total consolidated long-term debt:	\$6.5 million
Total general fund long-term debt:	\$4.5 million
Debt Service Ratio:	6.4%
Operating fund bank indebtedness:	0.0
Outstanding operating debt as percentage of:	0.0%
Net Property Taxes/Payments in Lieu of Taxes, Grants in Lieu of Taxes, and Government Transfers	

Chapter 4 - Financial Condition Indicators: House Model

The Financial Condition Indicators (FCIs)⁶ condense multiple sources of information into a single visual g "House Model" graph. The House Model gives a quick visual of a municipality's strengths and possible areas where a municipality may want to focus its attention.

The Model:

The Model consists of 13 indicators organized into base, structure and roof, focusing on:

- roof: 4 key performance indicators;
- structure: 6 financial indicators that concern management and debt; and
- base: 3 indicators relating to internal and external factors that could impact the municipality's revenue stream.

Risk thresholds:

Each indicator is assessed against a risk threshold:

- low risk (green);
- moderate risk (yellow); and
- high risk (red).

Overall assessment:

The Department calculates an overall assessment for fiscal instability:

- low risk (green): 10-13 FCIs meets low risk threshold;
- Moderate risk (**yellow**): 8-9 FCIs meets low risk threshold; and
- High risk (red): 7 or less FCIs meets low risk threshold.

Bridgewater's Overall Assessment

Overall Assessment for: Bridgewater

Financial Condition: High risk

The overall Financial Conditions Index assessment for the Town of

Bridgewater is red (high risk).

One of the Town's indicators Number of Deficits, was assessed as moderate as a result of including the Town's 2014-2015 deficit of \$69K. If this deficit was not included, the Town would be assessed at a overall moderate risk, similar to the majority of towns. This means that, the Municipality has a few challenges, although it is considered high risk for 2018-2019, we are projecting the Town will be in at a moderate risk in

2019-20 fiscal period.

Comparison: Majority of towns are at moderate risk (see chart below).

Summary of Towns Overall Results for 2018-2019

Bridgewater's House Model

As shown in the House model below, Bridgewater's FCIs are comprised of:

Low risk: 7 indicators

Moderate risk: 6 indicators

High risk: 0 indicators

The House Model below provides details on the individual FCI assessments and the Municipality's specific challenges.

Please note FCIs are based on non-consolidated data.

Town's Average House Model

The model below shows that, in general Nova Scotia's towns are experiencing challenges.

On average, the Towns' challenges are: Deficits;

Maintaining adequate reserves (combined and operating);

Budget accuracy; and

Three-year change in tax base is below the three-year change in the cost of living.

The Base FCI Indicators

Reliance on a Single Business or Institution

2019 Results: Low risk: 4.9%

The largest single commercial or institutional account is only 4.9% of the Municipality's total Uniform Assessment.

What does it mean? The Municipality is showing no vulnerability in this area.

The Municipality's tax base is not dependent on one single

business or institution.

Calculation: Taxable assessment value of the largest business or institution = 4.9%

Uniform Assessment

Risk Thresholds:

Low: Less than 10% Moderate: 10% to 15% High: Greater than 15%

Bridgewater's tachometer indicates 4.9%

Three-Year Change in Tax Base

2019 Results: Moderate risk: 4.6% growth

What does it mean? Growth is below the CPI % change of 5.2%.

The municipality's tax base is not keeping up with the cost of municipal services

and programs.

Current Uniform Assessment 3 Years Prior = 4.6% growth

Uniform Assessment 3 Years Prior

Risk Thresholds:

Low: Equal or above CPI % Change

Moderate: Below CPI % Change, but not negative growth

High: Negative growth

Figure 15- Three-year change in tax base as a comparison to CPI for the last six years, Source: Statement of Estimates Assessment and Statistics Canada.

Residential Tax Effort

2019 Results: Moderate risk: 4.6% of median household income is required

to pay the average tax bill.

What does it mean? The Municipality has limited flexibility to increase the taxes, if

required.

This indicator helps council assess the affordability of

municipal taxes in relation to the current service levels.

Calculation: Total residential tax revenue per dwelling unit = 4.6%

Median Household Income

Risk Thresholds:

Low risk: less than 4%

Moderate risk: 4–6%

High risk: greater than 6%

Bridgewater's tachometer indicates 4.6%.

FCI Indicators - Structure (Management) Indicators

Debt Service

2019 Results: Low risk: 6.4%

What does it mean? 6.4% of owned source revenue is spent on principal and

interest payments.

With adequate cash flow, the Municipality has the potential for flexibility to increase borrowing levels to help finance

future capital expenditures.

Calculation: Principal and Interest Paid on Long-term Debt = 6.4%

Total Own Source Operating Revenue

Risk Thresholds:

Low risk: less than 10%

Moderate risk: 10–15%

High risk: greater than 15%

Outstanding Operating Debt

2019 Results: Low risk: 0%

What does it mean? The Municipality is not carrying any operating debt.

Calculation: Total Outstanding Operating Debt = 0.0%

Net Property Taxes/Payments in Lieu of Taxes, Grants in Lieu of

Taxes, and Government Transfers

Risk Thresholds:

Low risk: less than 25%

Moderate risk: 25–50%

High risk: greater than 50%

Bridgewater's Tachometer indicates 0.0%

Operating Reserve

2019 Results: Low risk: 23.9%

What does it mean? The Municipality is setting aside sufficient funds to help mitigate any unforeseen

risks or future needs.

This indicator provides the value of funds set aside for planned future need, to

smooth expenses or for unexpected expenses.

Calculation: <u>Total Operating Reserve Fund Balance</u> = 23.9%

Total Operating Expenditures

Risk Thresholds:

Low risk: greater than 20%

Moderate risk: 10–20%

High risk: less than 10%

Bridgewater's Tachometer indicates 23.9%

Uncollected Taxes

2019 Results: Low risk: 7.6%

What does it mean? The Municipality is managing tax revenue collection.

Calculation: Total Cumulative Uncollected Taxes = 7.6%

Total Taxes Billed in Current Fiscal Year

Risk Thresholds:

Low risk: less than 10%

Moderate risk: 10–15%

High risk: greater than 15%

Bridgewater's tachometer indicates 7.6%.

Undepreciated Assets

2019 Results: Moderate risk: 49.7%

What does it mean? This indicator estimates that the Municipality's capital assets have 49.7% of

useful life remaining.

Municipalities across Canada are facing sufficient infrastructure challenges.

This indicates that the Municipality may be experiencing more of an

infrastructure challenge than other municipalities.

Calculation: Total Net Book Value of Capital Assets = 49.7%

Gross Costs of Capital Assets

Risk Thresholds:

Low risk: greater than 50%

Moderate risk: 35–50%

High risk: less than 35%

Bridgewater's tachometer indicates 49.7%.

5-Year Budget Accuracy

2019 Results: Moderate risk: 4 of the last 5 years,

actual expenditures were within +/- 5% of budget.

What does it mean? The Municipality did not consistently maintain expenditure

spending within budget limits.

In 2017, actual expenses were 5.1% less than the budget.

Calculation: Total budget expenditures - Total actual expenditures = 0.1%

Total budget expenditures

Risk Thresholds:

Low: 5 out of 5 years, expenditures were within \pm 5% or expenditure and revenue variances were within \pm 5% of each other Moderate: 4 out of 5 years, expenditures were within \pm 5%

High: Less than 4 out of 5 years, expenditures were within +/- 5%

Figure 16- Operating budget variance over the last 5 years. Source: Financial Information Return and Statement of Estimates Budget.

FCI- Key Performance Indicators -

the ability to meet current and future needs in a balanced and independent manner

Reliance on Government Transfers

2019 Results: Low risk: 6.2%

What does it mean? The Municipality is not dependent on another level of

government to meet its service obligations.

Calculation: Total Government Transfers = 6.2%

Total Revenue

Risk Thresholds:

Low risk: less than 15%

Moderate risk: 15–20%

High risk: greater than 20%

Bridgewater's tachometer indicates 6.2%.

Number of Deficits in the Last 5 Years

2019 Results: Moderate risk: 1 operating deficits in the last five years

What does it mean? Deficits are important indications of financial health. The

result indicates that the municipality is somewhat able to meet its needs in a balanced manner and maintain a balanced

budget.

Calculation: The number of non-consolidated operating deficits in the last

five years = 1.

Risk Thresholds:

Low risk: 0 in the last 5 years

Moderate 1 or more in the last 5 years

High risk: 1 or more in the last 2 years with one material deficit (0.5% of operating expenses)

Surplus (deficit) for the last 5 years

Figure 17- Annual operating fund surplus (deficits) for the last 5 years Source: Financial Information Return

Municipal Comment:

A deficit of \$69,241 was incurred 5 years prior (2014-15) as a result of huge snow removal expenses.

Liquidity

2019 Results: Low risk: 2.2

What does it mean? Liquidity is key to financial performance. The result

indicates that the Municipality does not have a cash flow

problem and is able to meet its service obligations.

Calculation: <u>Total Current Financial Assets</u> = 2.2

Total Current Liabilities

Risk Thresholds:

Low risk: greater than 1.5 Moderate risk: 1 to 1.5 High risk: less than 1

Combined Reserves

2019 Results: Moderate risk: 33.8% combined reserves

What does it mean? This result indicates that the Municipality may appear to have sufficient

reserves needed to address unexpected events or provide flexibility to address

future projects.

Reserves are critical components of a municipality's long-term sustainability. This indicator shows the value of the funds held in the reserves compared to a

single year's operation, including amortization expenses.

Calculation: Total Operating and Capital Reserves. = 33.8%

Total Operating Expenses plus Amortization Expense

Risk Thresholds:

Low risk: greater than 40%

Moderate risk: 30–40%

High risk: less than 30%

Bridgewater's tachometer indicates 33.8%.
