Introduction

The Department of Municipal Affairs and Housing compiles municipal indicators on behalf of the Nova Scotia Government and Association of Municipal Administrators of Nova Scotia (AMANS) that focus on three areas:

- financial matters;
- · administration of the municipality; and
- characteristics of the community.

This report creates a snapshot from those financial and demographic statistics to help community members and decision makers better understand:

- · the municipality in which they live;
- the municipality's key characteristics; and
- the municipality's financial risks.

For example, the snapshot makes it easy to:

- compare the Three-Year Change in Tax Base indicator to understand the municipality's revenue growth in comparison to cost of living; and
- use the change in population to indicate whether a community's population is growing or declining and its potential impact on municipal revenues and expenses.

Chapter 1 - Municipal Profile

Municipalities are diverse and operate within unique demographic and economic characteristics. These characteristics have a significant impact on municipal performance and subsequent strategies required to ensure a sustainable environment. This chapter outlines the unique demographic and economic characteristics of the Municipality, specifically its composition, population trends, demographics, median household income levels, employment rates, and educational attainment. The municipal profile trends could have impacts on the current and potential future tax base for a municipality.

Municipal Profile Highlights

About the Municipality

Shelburne County

5 elected councillors (including the Mayor)

9 km²

Figure 1- Location of Municipality

Government:

Approximate size:

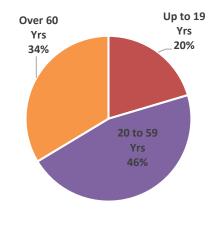

Number of dwellings: 948

Name:

County:

Population Highlights

Population 2016:	1,740
Population 5-year trend:	+3.2%
County 5-year trend:	-3.7%
Demographic trend:	Aging
Up to 19 Yrs.	20%
20 to 59 Yrs.	46%
Over 60 Yrs.	34%

Population Trends

Population:	1,740
Provincial population:	0.2%
20-year trend:	Declining [supported by Figure 3 below]
Age Trend:	Majority between 40-69 years of age [supported by Figure 4 below]

Population Trend from 1996 to 2016

2016 Population by Age

Figure 4 - Population by Age for 2016. Source: Statistics Canada

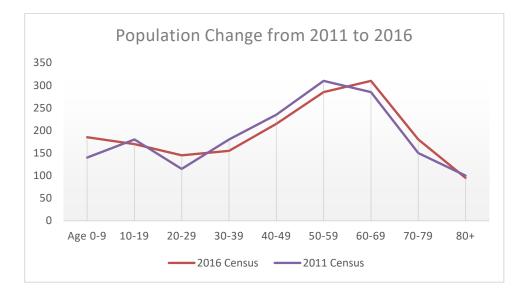

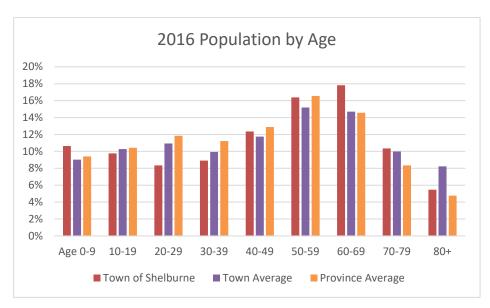

Figure 5- Population Age Change from 2011 to 2016. Source: Statistics Canada

According to the 2016 Census, similar to most towns in Nova Scotia, the majority of Shelburne's citizens are between the ages of 40 and 69.

Figure 6 - Comparison of Population by Age for 2011 and 2016. Source: Statistics Canada

Economic Indicators

Along with population trends, employment rates and median household income are important economic indicators. Education levels can also play a crucial role in economic and social progress and can help improve income distribution. These factors provide an indication of the wellbeing of the economy and labour force.

	2016 Census	2011 Census	+/-	Town Average
Median Household Income	\$45,952	\$35,526	\$10,426	\$48,934
Employment Rate	51.0%	42.0%	9.0%	48.3%
Education Beyond High School	47.1%	48.4%	-1.3%	52.0%

Source: 2011 and 2016 Statistics Canada

Median household income:	Shelburne's median household income is lower than the provincial town average, although it has increased since 2011.
Employment rate:	The Town of Shelburne's employment rate is above the provincial town average, and it has increased.
Education level:	Shelburne's education level is lower than the provincial town average and has decreased since 2011.

Chapter 2 - Assessment Information

Since property taxes are a primary source of revenue for most municipalities. special emphasis has be

emphasis has been placed on reviewing assessment trends	•	
Three-year change in Tax Base (Uniform Assessment)미:	4.9%	
	growth d	loes not keep pace with cost of living
Reliance on a Single Business or Institution	3.9%	not dependent (low risk)
Financial Condition Indicator (FCI):		
Residential Tax Effort FCI:	4.7%	limited flexibility (moderate risk)

The line graphs below show the five-year trend of residential and commercial portion of the municipality's taxable assessment.

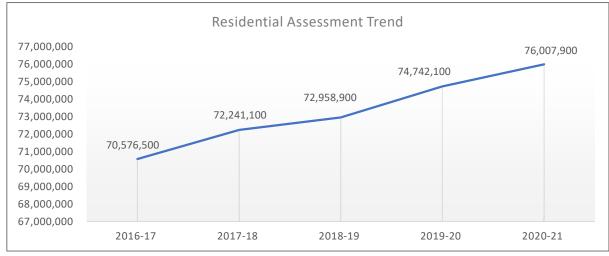

Figure 7 - Residential taxable assessment over the last five years. Source: 2016-17 to 2020-21 Statement of Estimates - Assessment

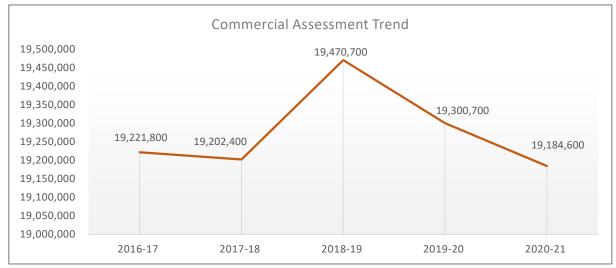

Figure 8 - Commercial taxable assessment over the last five years. Source: 2016-17 to 2020-21 Statement of Estimates - Assessment

⁽¹⁾ Uniform assessment is the value of a municipality's taxable property assessment plus the capitalized value of payments in lieu of taxes.

Chapter 3 - Financial Information

General Overview:

Audited financial statements are presented on a consolidated basis. These consolidated financial statements present all municipal entities as one single reporting entity:

- all the individual funds managed by the Municipality
- organizations or enterprises that the Municipality owns or controls, such as:
 - Water Utility
 - Cemetery Commision
 - Cenotaph
 - Muir-Cox Shipyard Capital Fund
 - Port Authority

The Municipality's non-consolidated financial statements present only the individual funds managed by the Municipality, such as the General Operating Fund, General Capital Fund, Non-operating Reserve Fund, Operating Reserve Fund and, if applicable, Water Operating Fund, Water Capital Fund, Water Reserve Fund, Electric Operating Fund, Electric Capital Fund, and Electric Reserve Fund. Non-consolidated financial statements are reconciled but not audited².

Financial Reporting Compliance:

Audited Financial Statements and Financial Information Return Submitted:	Yes
Submission of financial information:	Before deadline ³
Financial statements include:	
Remuneration and Expenses for Elected	Yes
Unqualified Opinion:	Yes
Quarterly Expense and Hospitality Report posted online:	Yes
Summary Expense and Hospitality Report submitted:	Yes
Statement of Estimates (SOE) -Assessment and SOE-Budget submitted:	Yes

² Please be advised that, although the Department reconciles, at a high level, a municipality's non-consolidated financial statements to the consolidated financial statements, the non-consolidated financial statements are usually not audited nor presented in full accordance with Canadian public sector accounting standards.

³ Annually, municipalities are required to submit their financial information by Sept 30th, with an exception made for the 2020-21 FIR, which was due November 24.

Chapter 4 - Financial Condition Indicators: House Model

The Financial Condition Indicators (FCIs) condense multiple sources of information into a single visual "House Model" graph. The House Model gives a quick visual of a municipality's strengths and possible areas where a municipality may want to focus its attention.

The Model:

The Model consists of 12 indicators organized into base, structure and roof, focusing on:

- roof: 4 key performance indicators;
- structure: 5 financial indicators that concern management and debt; and
- base: 3 indicators relating to internal and external factors that could impact the municipality's revenue stream.

Risk thresholds:

Each indicator is assessed against a risk threshold:

- low risk (green);
- moderate risk (yellow); and
- high risk (red).

Overall assessment:

The Department calculates an overall assessment for fiscal instability:

- low risk (green): 9-12 FCIs meet low risk threshold;
- moderate risk (yellow) : 7-8 FCIs meet low risk threshold; and
- high risk (red): 6 or less FCIs meet low risk threshold.

For Comparison:

Prior years included the 5-Year Budget Accuracy as a financial condition indicator. Due to the impact of COVID-19, use of the 5-Year Budget Accuracy indicator has been suspended for 2020-2021 and 2021-2022. Its future inclusion or possible replacement will be re-evaluated for the 2022-2023 municipal reports.

Overall Assessment

Overall Assessment for:	Town of Shelburne
Financial Condition:	Low Risk
	The overall Financial Condition Index assessment for the Town of Shelburne is Low Risk.
	This means that while the Municipality might face some challenges, it is considered low risk for fiscal instability.
Comparison:	The majority of towns are at low risk (see chart below).

OVERALL RESULTS FOR TOWNS FOR 2020-21

Financial Condition Indicators Highlights for 2020-21

Overall Assessment

Green (low risk)

The overall Financial Conditions Index assessment for the Town of Shelburne is green (low risk). This means that while the Municipality might face some challenges, it is considered low risk for fiscal instability.

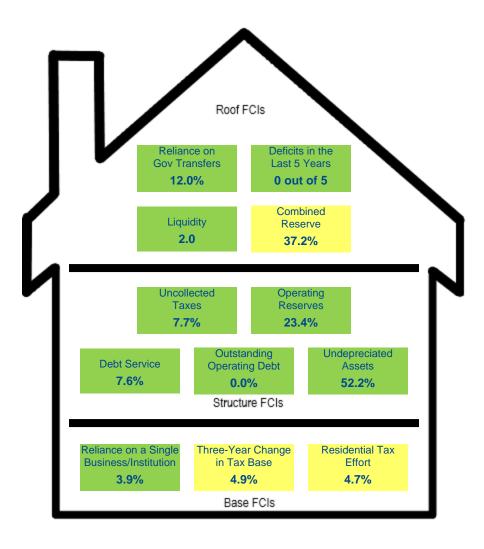

As shown in the House model below, Shelburne's FCIs are comprised of:

Low Risk	(green):	9 Indicators
----------	----------	--------------

Moderate Risk (yellow): 3 Indicators

High Risk (red): 0 Indicators

Details on the individual FCI assessments are provided below.

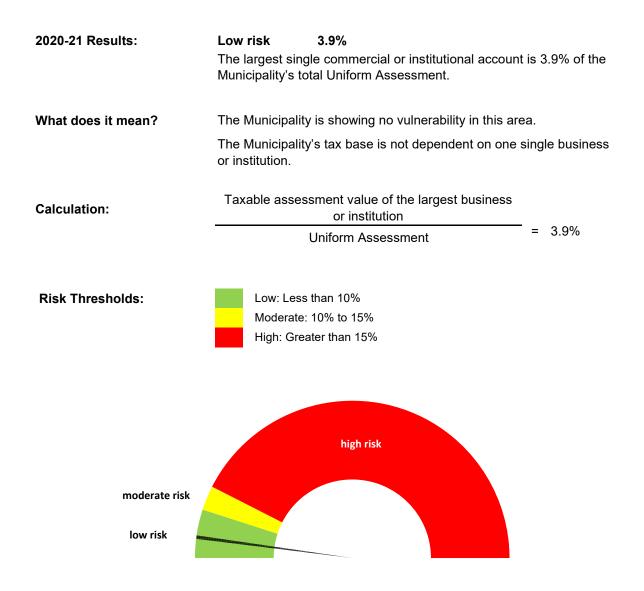

Two-Year Comparison of Financial Condition Indicators

BASE	2020-21	2019-20	+/-
3-year Change in Tax Base	4.9%	2.0%	2.9%
Reliance on a Single Business or Institution	3.9%	4.0%	-0.1%
