Date: November 24, 2010
Subject: Your Energy Rebate Program - Bulk Vendor Customer List Verification

Bulk vendors are advised that the assessment classification of properties may change over time. This may change the eligibility status of a property for a point-of-sale rebate under the Your Energy Rebate Program (YERP).

Each March, Service Nova Scotia and Internal Services (SNS-IS) produces a list of properties whose eligibility status has changed in the previous 12 months. In addition to the online eligibility tool, this annual change list will assist bulk vendors with verifying the eligibility of their customers. Bulk vendors are expected to have completed updating their customer lists by June 1st of each year.

Once a bulk vendor has updated their customer list, the eligibility status for the properties on the annual change list remains in effect until June 1st of the following year.

Bulk vendors are responsible for confirming the eligibility of any new customers added after the list has been updated.

Any bulk vendor who wishes get a copy of the annual change list for the counties they supply may contact SNS-IS in early March and the requested lists will be sent to them. The change list is also available online through the eligibility tool page.

Bulk vendors experiencing issues in determining the eligibility of a customer's property, may call the Your Energy Rebate bulk vendor line during regular business hours at 1-800-670-4357 (Monday to Friday 8:30 a.m. - 4:30 p.m.) or email yourenergyrebate@novascotia.ca and our staff will be pleased to assist you.
