# Municipal Statistics Annual Report

## Introduction

*Department of Municipal Affairs (DMA) is pleased to issue the Annual Report of Municipal Statistics for the fiscal period April 1, 2017 to March 31, 2018.*

DMA compiles the Annual Report of Municipal Statistics, which consolidates and analyzes the financial data submitted by Nova Scotia's 50 municipalities.

This Report contains assessment information, financial statement, and other data that can help municipalities analyze their financial health and plan. It is also useful to others who are interested in municipal government statistics.

## 1 - Municipal Organization

### 1.1 Municipalities

All of Nova Scotia is incorporated into municipalities. There are three types of municipalities: Regional municipalities (3), towns (26), and county or district municipalities (21). The regional and county or district municipalities' boundaries are based on traditional county or district boundaries. County and district municipalities' boundaries exclude the area included within the boundaries of incorporated towns. There are no towns in the regional municipalities.

In addition, there are other organizations providing what are commonly considered to be municipal services. Within the county or district municipalities as of March 31, 2018, these included:

- Village commissions incorporated and operating under the Municipal Government Act for furnishing municipal services;
- Local commissions incorporated and operating under special Acts of Legislature, for example street lighting or fire protection; and
- Service commissions such as rural fire districts, incorporated under the Rural Fire District Act to provide fire protection.

In a few cases, commissions have been created in municipalities, or pursuant to an inter-municipal agreement, to operate municipal services.

Village commissions and service commissions are authorized to levy taxes in addition to those collected by the municipality itself.

#### Please note:

- As of July 1, 2012, the **Town of Canso** dissolved its town status and became part of Municipality of the District of Guysborough;
- As of April 1, 2015, the **Town of Bridgetown** dissolved its town status and became part of Municipality of the County of Annapolis;
- As of April 1, 2015, the **Town of Springhill** dissolved its town status and became part of Municipality of the County of Cumberland;
- As of April 1, 2015, the **Town of Hantsport** dissolved its town status and became part of Municipality of the District of West Hants; and
- As of November 1, 2016, the **Town of Parrsboro** dissolved its town status and became part of Municipality of the County of Cumberland.

## 1.3 Population

### 1.3.1 Population Change by Economic Region

While the total population in Nova Scotia grew slightly, the growth was unevenly distributed across the province. As shown in the Figure 1, the Halifax and Valley economic regions have experienced population growth, while the Southern, Northern and Cape Breton economic regions experienced an overall decline in population. The next two pages provide the population information by municipality.

Please note the population information was obtained from Statistics Canada and populations from Indian Reserves are excluded.

## 1.3.2 Population by Age Group

The line graph below shows the population change by age group. As shown below, about 8% of the population are under 10 years old in both towns and rural municipalities. As expected, there are more young people living in towns than in rural municipalities. It also shows more people in their 80s and above live in the towns than in rural municipalities.

## 2 - Assessment Information

Assessment data provided here is obtained from the Property Valuation Services Corporation (PVSC). Unlike the previous years' annual reports, two years of assessment data are presented in this report for comparative purposes.

### 2.1 Percentage Change in Taxable Assessment

The bar graph below shows the change in both Residential and Commercial properties by municipality type from 2017 to 2018. The total residential assessment of the regional municipalities including HRM, CBRM, and Region of Queens increased by 6.9%. The total commercial assessment of the towns decreased by 0.7% and the towns had a slight increase of 0.4% in the residential assessment. Rural municipalities' residential assessment increased by 5.3% and their commercial assessment also increased by 1.9%.

## 3 - Financial Information

### 3.1 - Methodology and Approach

The annual report complies with the Financial Reporting and Accounting Manual, and meets the Public-Sector Accounting Board (PSAB) standards

#### *Comparability*

The financial information in this Annual Report is extracted directly from the Financial Information Return (FIR). The FIR is prepared and compiled in a uniform manner. The consistent format allows for comparisons between Nova Scotia municipalities, and between municipal units in other provinces.

#### *Consistency*

We recognize the wish to compare 2017-2018 with prior statistical information. Thus, the statistical data is collected in a uniform manner (FIR) that is consistent year to year.

**Please note** the financial information in this Section 3 are based on the consolidated financial statements to be consistent with other jurisdiction reporting, which are not available prior to 2015-16 year.

# Municipal Statistics Annual Report

*DMA strives to make it easier access to municipal financial data.*

To help improve access to municipal statistical data, the following data can now be accessed through Nova Scotia's open data portal located at [data.novascotia.ca](http://data.novascotia.ca):

- General Operating Fund – Statement of Operations
- General Operating Fund – Summary of Municipal Expenses by Municipal Type for the last 10 years

- General Operating Fund – Summary of Municipal Revenues by Municipal Type for the last 10 years
- Consolidated Statement of Operations\*
- Financial Condition Indicators

\* Data can be exported from Open Data to Excel and can be filtered by municipality and/or fiscal year on Open Data site.

## 4 - Financial Condition Indicators (FCIs)

### 4.1 FCI Background

The Financial Condition Indicators (FCIs) were developed in collaboration with both the Nova Scotia Federation of Municipalities (NSFM) and AMANS.

Thirteen indicators are examined to provide a general picture of municipal financial condition. While the Indicators cannot provide a comprehensive assessment of financial condition, they can provide indication of strengths, trends and risk areas where a municipality should focus.

The municipality's general financial condition is graphically represented by a 'House' format.

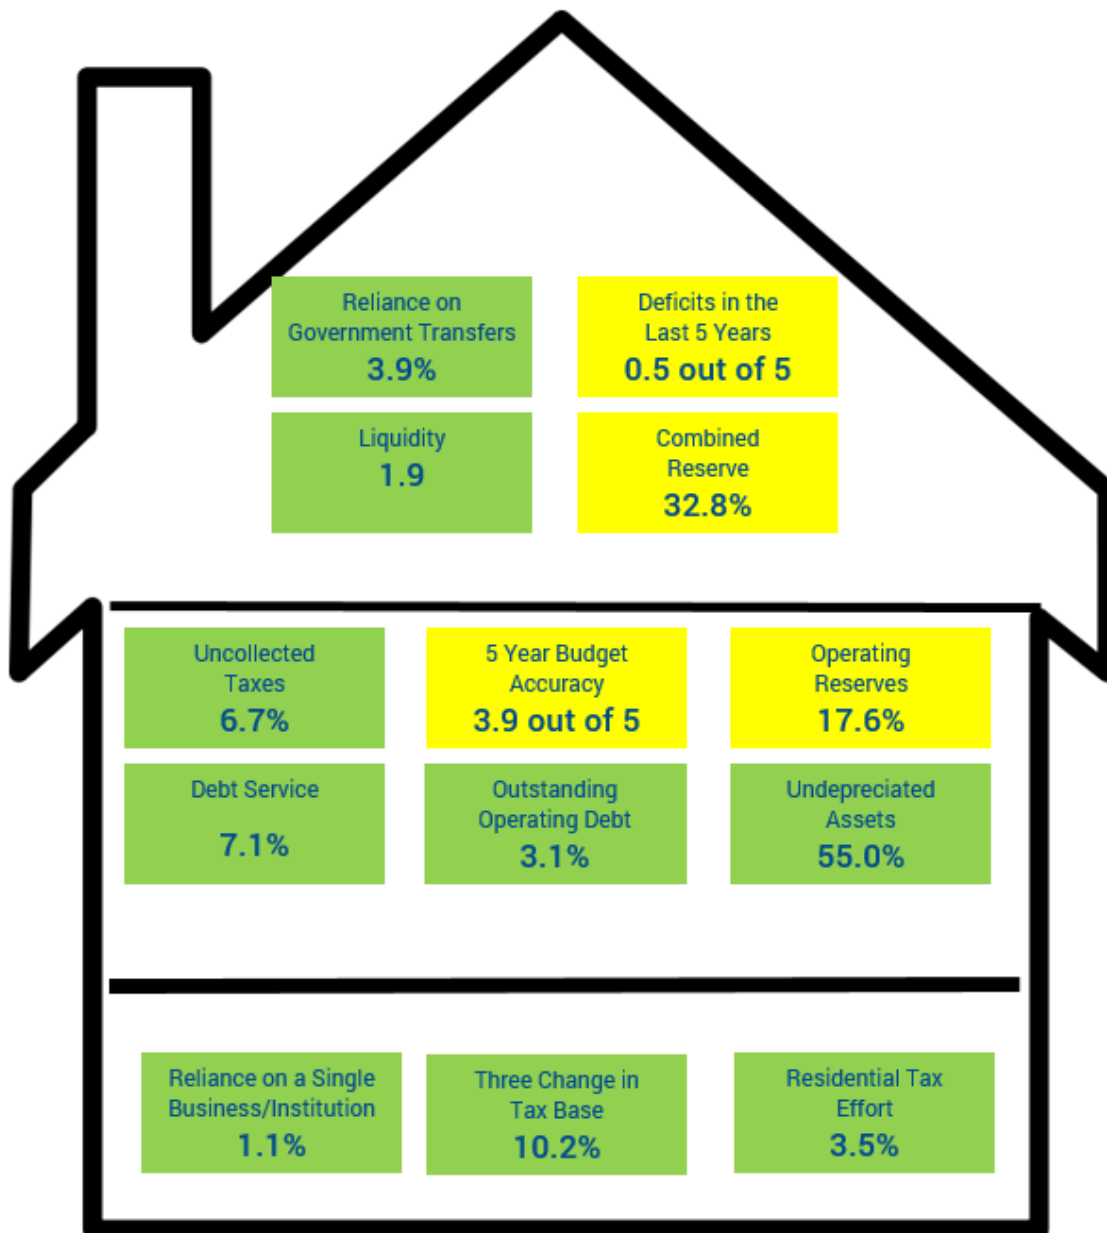

- **Roof** – The key performance indicators are located at the roof or top of the house. Four indicators measure the achievement of the overall objectives for assessing financial health.
- **Structure** – Indicators located in the middle are key elements that impact the overall financial condition objectives (leading measures).
- **Base** – The indicators located on the bottom (base) are indicators that although the municipality may not have a direct control over all elements for the indicator, the indicator can have a significant impact on the financial health of the municipality.

## 4.2 Province “House” Model

The “House” below shows financial condition indicators of all Nova Scotia municipalities.

## 4.3 Municipal Report by Municipality

The Department of Municipal Affairs (DMA) presents the Financial Condition Indicators (FCIs) in the house format along with the Profile Information on their website. Each municipality's FCIs and profile information are in a report named "Municipal Report". The Municipal Report brings together both sets of statistics (financial and demographic) to give an overall snapshot for each municipality.

You can use the report to

- better understand the administrative and operational performance of a municipality,
- better understand key characteristics about the municipality,
- inform the decision-making process; and
- help community members better understand the municipality in which they live.
