### Introduction

The Department of Municipal Affairs and Housing compiles municipal indicators on behalf of the Nova Scotia Government and Association of Municipal Administrators of Nova Scotia (AMANS) that focus on three areas:

- · financial matters;
- · administration of the municipality; and
- · characteristics of the community.

This report creates a snapshot from those financial and demographic statistics to help community members and decision makers better understand:

- · the municipality in which they live;
- · the municipality's key characteristics; and
- · the municipality's financial risks.

For example, the snapshot makes it easy to:

- compare the Three-Year Change in Tax Base indicator to understand the municipality's revenue growth in comparison to cost of living; and
- use the change in population to indicate whether a community's population is growing or declining and its potential impact on municipal revenues and expenses.

# **Chapter 1 - Municipal Profile**

Municipalities are diverse and operate within unique demographic and economic characteristics. These characteristics have a significant impact on municipal performance and subsequent strategies required to ensure a sustainable environment. This chapter outlines the unique demographic and economic characteristics of the Municipality, specifically its composition, population trends, demographics, median household income levels, employment rates, and educational attainment. The municipal profile trends could have impacts on the current and potential future tax base for a municipality.

and 95%. The Town of Annapolis Royal's employment rate is below the provincial town average and it has declined.

Education level: Annapolis Royal's education level is higher than the provincial town

average, although it has decreased since 2011.

# **Chapter 2 - Assessment Information**

Since property taxes are a primary source of revenue for most municipalities, special emphasis has been placed on reviewing assessment trends.

Three-year change in uniform assessment[1]: 14.1%

growth keeps pace with cost living

Highest reliance on a single business or institution: 17.2% dependent (high risk)

Residential Tax Effort: 4.5% limited flexibility (moderate risk)

The line graphs below show the five-year trend of residential and commercial portion of the municipality's uniform assessment.

Figure 7 - Residential assessment value over the last five years. Source: 2016-2020 Statement of Estimates - Assessment

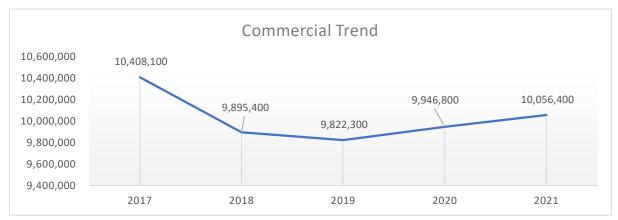

Figure 8 - Commercial assessment value over the last five years. Source: 2016-2020 Statement of Estimates - Assessment

[1] Uniform assessment is the value of a municipality's taxable property assessment plus the capitalized value of payments in lieu of taxes.

# **Chapter 3 - Financial Information**

#### **General Overview:**

Audited financial statements are presented on a consolidated basis. These consolidated financial statements present all municipal entities as one single reporting entity:

- · all the individual funds managed by the Municipality
- organizations or enterprises that the Municipality owns or controls, such as:
  - Water Utility

The Municipality's non-consolidated financial statements present only the individual funds managed by the Municipality, such as the General Operating Fund, General Capital Fund, Water Operating Fund, Water Capital Fund, Non-operating Reserve Fund, and the Operating Reserve Fund. Non-consolidated financial statements are reconciled but not audited.<sup>2</sup>

## **Financial Reporting Compliance:**

Audited financial statements and financial information return submitted: yes

Submission of financial information:

Before deadline<sup>3</sup>

Financial statements include:

Remuneration and Expenses for Elected Officials and CAO/Clerk Note: yes

Unqualified Opinion: yes

Quarterly Expenditure report posted online: yes

Summary Expenditure Report submitted: yes

Statement of Estimates and assessment information submitted: yes

<sup>&</sup>lt;sup>2</sup> Please be advised that, although the Department reconciles, at a high level, a municipality's non-consolidated financial statements to the consolidated financial statements, the non-consolidated financial statements are usually not audited nor presented in full accordance with Canadian public sector accounting standards.

<sup>&</sup>lt;sup>3</sup> Annually, municipalities are required to submit their financial information by Sept 30<sup>th</sup>.

# **Chapter 4 - Financial Condition Indicators: House Model**

The Financial Condition Indicators (FCIs) condense multiple sources of information into a single visual "House Model" graph. The House Model gives a quick visual of a municipality's strengths and possible areas where a municipality may want to focus its attention.

#### The Model:

The Model consists of 13 indicators organized into base, structure and roof, focusing on:

- roof: 4 key performance indicators;
- · structure: 6 financial indicators that concern management and debt; and
- base: 3 indicators relating to internal and external factors that could impact the municipality's revenue stream.

#### Risk thresholds:

Each indicator is assessed against a risk threshold:

- low risk (green);
- moderate risk (yellow); and
- high risk (red).

#### Overall assessment:

The Department calculates an overall assessment for fiscal instability:

- low risk (green): 10-13 FCIs meet low risk threshold;
- moderate risk (yellow): 8-9 FCIs meet low risk threshold; and
- high risk (red): 7 or less FCIs meet low risk threshold.

## **Overall Assessment**

Overall Assessment for: Town of Annapolis Royal

Financial Condition: Low risk

The overall Financial Condition Index assessment for the Town

of Annapolis Royal is Low risk

This means that although the Municipality has a few challgenges, it is considered low risk for fiscal instability.

**Comparison:** The majority of towns are moderate risk.(see chart below)

# OVERALL RESULTS FOR TOWNS FOR 2019-20
