## **French Language Service Plan for 2022-2023**

### **Department of Intergovernmental Affairs**

#### **Message from the Deputy Minister**

I am pleased to submit the 2022-2023 French Language Service Plan for the Department of Intergovernmental Affairs. This plan supports the requirements in the *French Language Services Act*.

IGA provides services predominantly to stakeholders within government as well as national and international stakeholders and we are committed to enhancing and promoting access to French-language Services for all Nova Scotians. Business is conducted primarily in English and when required, IGA provides French language services.

The Department recognizes the importance of the Acadian and Francophone communities and is committed to working with them to advance their interests within Canada and at the international level. IGA works to build and promote a stronger French language public service culture within government by supporting staff with French language training to help build the organization's capacity to serve its clients and provide meaningful personal growth opportunities.

During the past year, IGA adapted its work to operating within a pandemic and continued engaging with federal, provincial, territorial (FPT) and international partners. As a department that is responsible for FPT and international relations, we are supportive of and actively pursuing French language connections and partnerships aimed at strengthening economic growth and actions that promote relations with French speaking entities across Canada and internationally.

The plan for 2022-2023 reflects IGA's ongoing commitment to the objectives and spirit of the legislation.

Kelliann Dean  
Deputy Minister  
Intergovernmental Affairs

## **What we're doing to contribute to the growth of the Acadian and francophone community**

We recognize the importance of French-language services and we endeavour to fulfil our responsibilities under the *French-language Services (FLS) Act* and Regulations. We believe Nova Scotians should have access to quality government services in French, and this plan demonstrates our commitment to ensuring our programs, policies and services address the priorities expressed by the Acadian and francophone community. To achieve this aim, we collaborate with other designated public institutions across government – including the Office of Acadian Affairs and Francophonie – through the French-language Services Coordinating Committee. We greatly value this partnership, which ensures a continued understanding of the unique needs of our province's Acadian and francophone community.

We encourage Nova Scotians to request services from Government in French. We also encourage Acadians and francophones to have their voices heard by participating on agencies, boards and commissions, which are regularly advertised by the Executive Council Office. As we continue to maintain and improve our French-language services, we welcome feedback on our progress and we invite you to share with us your comments or questions by contacting our French-language services coordinator. If you wish to make a formal complaint regarding French-language services, please contact the Office of the Ombudsman.
