Business Navigators can give you personalized and timely help with regulation and requirements, including registration, permit and licences. They can help free up your time so you can focus on your job: *building a successful business.*

Business Navigators help business owners with business needs such as:

-  Registering a business
-  Determining what permits and licenses are required to operate
-  Understanding applicable inspection requirements
-  Finding resources to assist with financing, taxes and staffing

When you contact us, a Business Navigator will guide you through the steps to get your business up and running.

How it works

Contact a Business Navigator by phone, email or through our online contact form.

A Navigator will contact you to complete an in-depth assessment of your needs.

The Navigator will research your requirements and find key contacts to support your needs.

Once all information has been collected and compiled, the Navigator will deliver that information to you.

The Navigator will follow up with you to ensure the information provided was sufficient and see whether you have any additional questions.

Meet the Business Navigators

Our Business Navigators have extensive customer service experience, creating personal relationships with clients and providing exceptional support to small and medium sized business owners.
