Project Summary

Project Title: _____

Brief Project Description: _____

Total Cost of Project: _____ Amount Requested: _____

Project Start Date: _____ Project End Date: _____

Location of Project: _____

Objective

Before applying, consider the objective of your proposal. (Pick one, or both, if appropriate)

- We plan to support the planning, recruitment, and retention efforts of healthcare providers in our Nova Scotia community.
- We plan to work toward addressing social and cultural barriers within our Nova Scotia community as this relates to the recruitment and retention of healthcare providers.

Project Proposal Content

In addition to completing this application form, provide a **cover letter** and your **project(s) proposal**.

- A) In your **cover letter**, include a brief introduction to your community group, your priorities/mandate, who you are actively collaborating with, and any achievements to date you would like to highlight.
- B) In your **project proposal**, outline your plan to achieve your priorities/mandate through your projects-based work. Clearly communicate how your ideas are going to improve healthcare professionals' recruitment and retention and/or welcoming communities. Your project proposal must show us where you are (funding for projects you've already secured) and where you want to be (a request for funding from the OHPR Community Fund).

In your proposal, clearly indicate if you are applying for Stream 1: Community Identified Projects (include both small and large projects), Stream 2: Community Readiness Supports, or both (5 to 8 pages maximum).

Consider including responses to the following (as appropriate) **in your group's project proposal:**

- Who are you and why are you the expert to meet this need in your community? Do you have partners or collaborators to make your projects happen?
- What are the small projects (think attraction/retention events, site visit planning, etc.) and large projects (marketing strategy, videos, etc.) you want to work on that are focused on healthcare professionals' recruitment and retention?
- Do you have any projects (or are you proposing any) to make your community more welcoming to healthcare professionals and their families? What potential cultural and social barriers will this address?
- What benefit do you think there is to healthcare professionals and their families in your proposed project(s)? How are you adding value to existing work?
- What supports do you require to become more successful in achieving your goals? How can we help through the Community Readiness Supports stream?
- How much money do you need to make your project(s) a success? Submit a complete budget (including other sources of funding). How will you measure the success of your project?

Application 2022/23

The Office of Healthcare Professionals Recruitment Community Fund

Declaration

As a representative of an organization, consortium, or group:

- I have carefully read the application guidelines and eligibility criteria for this program, and confirm that the organization, group, or consortium I represent meets the eligibility criteria.
- I am aware that all overdue final reports, where applicable, for previously funded applications must be submitted and approved before any additional requests or applications for funding can be considered.
- I understand that my current application may not be eligible if any of my final reports have not been submitted and approved.

I will act as the representative of the organization, consortium, or group and will keep all participants informed of the application content and any funding decision.

I accept all of the declaration statements above that are applicable to me as an individual application or as a representative of an organization, consortium, or group. I understand that not accepting these statements as true will affect eligibility for this funding application
