July 26, 2006

To Fuel Collectors:

Enclosed is the return form for submitting the fee recovery required by subsection 9(2) of the Petroleum Products Pricing Regulations.

The Petroleum Products Pricing Act provides that fees may be charged to wholesalers to cover the costs of administering the Act and Regulations. A fee rate of \$0.0009 (9/100ths of a cent) has been established and is to be calculated on the sale of all gasoline and diesel products.

Subsection 9(2) of the Petroleum Products Pricing Regulations reads as follows:

9(2) The monthly assessment fee must be paid at the same time as the tax required to be remitted to the Minister under Section 12 of the Revenue Act Regulations made under the Revenue Act and a wholesaler or wholesaler-retailer must file an addendum to the agent's return as required by the Minister.

The first return covers the month of July, 2006 and is to be filed with your July 2006 Generic Fuel Collector Summary Form. Please note we require separate payments for your Generic Fuel Tax Return and the fee recovery under the Petroleum Products Pricing Act. This is due August 20, 2006.

A copy of the fee revenue return is available on our website at www.nspetroprices.ca and can be downloaded for producing your next month's and subsequent returns.

Please make sure a separate payment (cheque) is submitted along with your fee recovery return along with your Generic Fuel Collector Summary Form. Cheques should be made payable to the Minister of Finance. If you have any questions about completing the return please contact Foster Swyer at 424-3196.

Yours truly,
