Project Name _____

Application # _____ Project Start Date _____ Project End Date _____

Funding Received _____ Final Project Cost (Actuals) _____

Reporting

Answer the following questions in a separate document. Number each answer to correspond to each question. Use black type no smaller than 11point. Provide any additional documentation that may be helpful to better understand the project:

- Project Timeline:** Provide a breakdown of activities that were undertaken during the project period highlighting key successes and challenges. Include an update on what stage the project is in currently and note any future plans for further development.
- Project Results:** Explain how this fund's investment impacted your ability to advance your project into a later stage of development. Indicate any milestones achieved and the steps taken to reach them. Provide any measurable results of each milestone and of the project overall.
- Project Impact:** Explain how this project positively impacted the development of the screen industry in Nova Scotia. State key benefits this project provided for the core creative team as well as any opportunities this project may have provided for the development of emerging creatives, underrepresented groups, or furthering of gender parity initiatives.

Actual Revenues and Expenses Report

Complete the form below or attach your own prepared statement.
